

# TAPERLOCK™

**FASTER SAFER LOWER COST  
LINER CHANGE-OUT WITH UP  
TO 50% LESS BOLTS AND  
NO HOT WORKS**

Davies high strength TaperLock bolt replaces studs and enables up to 50% reduction in bolt intensity and the use of Davies SafeFit liner handling system.

Fitted with Davies RemLock also eliminates hot works and reduces nut removal time by up to 80%.

## Advantages

- Direct stud replacement system
- High strength grade 12.9 bolt system enables up to 50% less bolt intensity, reducing change-out downtime
- Safer removal with no hot works and use of Davies SafeFit system
- Nut removal time reduced by up to 80% (using RemLock)
